

## LOCAL INTERESTED SHIPPERS FROM ALL SECTIONS COUNTRY TO BE REPRESENTED AT WASHINGTON CONFERENCE TO BEGIN MARCH 22.

Rate adjustments will be the principal subject of discussion at a conference to be held in Washington, D. C., March 22, by the interstate commerce commission. Shippers from all sections of the country will be represented and the results of the conference will be far reaching in their effect. The results will pertain to the proposed increase in freight rates, considered inevitable.

At the conference there will be a discussion of whether or not the rate adjustments shall be made for the carriers as a whole or by rate groups or territories. If by territories there will be a discussion of what the rate groups or territories should be. Southern hardwood interests will be represented at the conference by J. H. Townsend, secretary-manager of the Southern Hardwood Traffic association, and J. V. Norman, of Louisville, general counsel for the association. They will reach Washington Sunday.

Announcement of the meeting is contained in a circular to members of the association just issued. It also announces that railroads have won a suit in the U. S. supreme court, by which the interstate commerce commission, in fixing valuation of lines, is compelled to accept the present valuation of right of ways and terminals instead of the original cost.

This decision is far reaching in effect and will have great influence on the hearing at Washington. The value of most of the roads already has been determined by the commission under the act of 1913, but if the work must be done again the rate of increase to be made in freight rates probably will be greater than otherwise expected. However, no advances are expected before September 1, 1926.

During the past week there has been a general improvement in the embargo situation on lines east and northwest, according to the circular. Through routes are open in most Canadian and Buffalo-Pittsburgh territory, except on the Grand Trunk, the Pere Marquette, G. R. & I. railroad and the New York, New Haven & Hartford.

## COMMISSIONER IS ACCUSED OF BRIBERY

ATLANTA, Ga., March 17.—Plans by which federal agents say a "syndicate of moonshiners" in the Georgia county, sought to obtain immunity from federal raids on payment of \$200 a month were described here Monday at a preliminary hearing before a United States commissioner of John Henry Hardin, who has served a term for operating an illicit distillery.

Hardin, according to the officers, was the man who sought to bribe them. He was sent to jail in default of \$3,000 bond.

The agents asserted that they pretended to fail in with the plans they ascribed to Hardin and laid a trap for him in a local hotel with other officers and a detective in an adjoining room. They testified he paid E. E. Dixon, a federal prohibition agent, \$500 cash and promised him \$500 each month on the understanding that his coterie of officers would make no raids in Cherokee county and would "run off" the moonshiners if other federal officers sought to invade the North Georgia hills around there.

## Activities Among Memphis Negroes

By Rev. T. O. Fuller.

Thirty Baptist pastors enjoyed the revival luncheon at the domestic science building, Howe Institute, Tuesday afternoon.

Miss Frances Galloway, noted pianist from Chicago, will appear in one of her high-class concerts April 25. She is filling engagements at present at Livingston college, Salisbury, N. C.

An air light will soon illuminate the campus at Howe, through the kindness of certain white friends of the institution. What we need next is a pavilion to rest about 1926. Who will give it? Ring Walnut 1769.

There will be an evening with English authors at Howe Friday night, to der the auspices of the junior class. The Coleridge Taylor Choral society of the school, will render selections. The public is invited. Mme. Witta A. Townsend will have charge of the musical numbers.

Just think of it! Memphis negroes have 7 drug stores, 2 banks, 6 small talk, 1 medical college, a chain of 13 grocery stores, 3 insurance companies with offices here, 11 churches, 25 churches, 2 academic schools, 15 physicians and 20 dentists, a number of trained nurses, 20 lawyers, a dozen undertakers and are fostering a \$100,000 mercantile company, \$100,000 casket and coffin company, \$20,000 amusement corporation, \$100,000 hotel company, with a 12-story office building soon to be erected and 6 newspapers to let the world what we are trying to do. What city in the country, north or south, can make a better showing?

Oh, girls, such an abundance of thick, heavy, invigorated hair, a perfect mass of wavy silky hair, gloriously fluffy, bright and so easy to manage. Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy golden gleams and tender tints. The color is again in your hair. "Danderine" is a tonic-beautifier. Besides combing the beauty of the hair at night, it checks dandruff and stops falling hair, and delicate danderine for a few cents at any drug or toilet counter and use it as a dressing and hair separator as sold on bottle.

## Doctors To Fight Amount Allowed By Workers' Act

Predictions that modification of the workers' compensation act, claims to work injuries on persons through allowance of too low fees, would come at the next legislative session, were heard Wednesday from numerous members of the professional following the opening of a campaign against the law Tuesday night at the regular meeting of the Memphis and Shelby County Medical society.

Claims that the act imposed hardships on the profession and plans to carry the contest for revision to the state association—meeting were features of Tuesday night's meeting. The state association convenes in April and will be held in Chattanooga. A large delegation from this city will attend, according to Dr. J. J. Hobson, secretary.

It was pointed out at the meeting that the \$100 now allowed by the compensation act can not possibly include professional fees, nurses fees, hospital bills and bills for medicines. A Memphis emergency case of recent date was given as example, the total amounting to several hundred dollars. The act employing the injured man did not inform attending physicians of their operation under the act. When bills were rendered it was pointed out that only \$100 had been provided. The case will be threshed out in court, according to speakers Tuesday.

## BOOST FOR TEACHERS' SALARIES INDORSED

The movement for the increase of salaries of school teachers was indorsed Tuesday afternoon at a meeting of the education committee of the Memphis Chamber of Commerce. R. W. Bailey presided at the meeting.

A petition for an increase in the salaries will be presented to the county court urging that the arguments of the teachers for an increase be heard. The Chamber of Commerce will support the petition and aid the teachers in presenting their case to the court.

Guus S. Schlicht, an appointed chairman of a committee of eight to arrange for entertainment of the West Tennessee Teachers' association, April 2.

The association will open its annual convention April 1 and will be in session three days. The Chamber of Commerce will entertain the teachers with a ball at the Hotel Chicago.

## FATHER CAREY TO CONDUCT RETREAT

A retreat, beginning March 23 and ending March 25, will be given at St. Peter's orphanage by the Rev. Father Thomas A. Carey, a distinguished member of the Society of Jesus, of New Orleans.

The exercises will open with mass at 9 a. m. and close with benediction of the blessed sacrament at 1:30 p. m. each day of the retreat. Luncheon will be served at the orphanage. All the Catholic ladies of the city are very cordially invited.

## FREE RIDE TO CHURCH.

HEMET, Cal. March 17.—A free ride to the Sunday services is an inducement offered by the Rev. P. A. Leak, pastor of the Hemet Methodist church. A motor bus traverses the outlying districts of Hemet every Sunday morning and takes to church everybody who has no other means of going there.

## CHANDLER SIX Famous For Its Marvelous Motor

## Chandler Leads Because of Its Real Worth

IT is easy to boast and make claims and to so magnify mere incidents that they may appear as mighty events. It is easy to paint in the colors of exaggeration.

Chandler advertising has never carried boasts or unfounded assertions to the public. It has never extolled some single performance as final evidence of superiority.

The Chandler Six is so distinctly the leader among medium-priced high-grade cars because of its own worthiness, which for sales purposes does not need the support of exaggeration.

Chandler worthiness comes primarily, of course, from its great chassis, light, strong and enduring, featured by the famous Chandler motor developed throughout seven years of constant manufacture with no change of type of design, but with refinements and developments which have kept it long strides ahead of any other six.

This isn't a claim. It's a fact, and over sixty thousand Chandler owners would tell you so if you could ask them.

Six handsome bodies, splendidly built and finished, are mounted on the one standard Chandler chassis.

Other cars of some similarity are listed at hundreds of dollars more
